CONSUL ALIX ATTENDS PANEL
DISCUSSION ON REVIVING THE
BANDUNG SPIRIT

Islamabad, 30 April 2025 – The Philippine Embassy’s Consul Juan Paolo Alix attended a dynamic panel discussion at the Institute of Strategic Studies in Islamabad, marking the anniversary of the 1955 Bandung Conference. Ambassadors, strategic experts, and young legal professionals gathered to reflect on the enduring legacy of South-South solidarity and the evolving global order. The event focused on the relevance of the Bandung principles in addressing today’s geopolitical and development challenges.

Discussions also revisited the Bandung Conference’s call for peace, mutual respect, and economic equality among developing nations. Participants urged that the Bandung spirit should no longer be confined to symbolic commemorations but be translated into practical institutional frameworks.

The panel affirmed the need for renewed pragmatism and unity among Global South nations, as they collectively pursue equitable development and regional peace in an increasingly multipolar world.
